Safety way it is like a small country by giving greater rights and independence of the country and more to come and support the country's security.

Erich Fromm although it's looked was more a social perspective, but he was the same Horney. Forum was of the view that the masochist in great fear of loneliness and inability to break free from the shackles of his responsibilities and decision-making therefore seek to be part of that out of them stronger. This may be a person or an institution of the mighty God, the nation, or scrupulous conscience psychological

French philosopher and writer Jean-Paul Sartre in being and Nothingness in relation to this phenomenon writes: Sadism is mad with power, so that the other person is disarmed and is seeking to build the body of a dead body; your body is not ready for his own pleasure (Swiss, 1998).
